COVER LETTER

I can bring simplicity and user friendliness to complex websites, having the ability to conceptualize, create, develop and maintain visually appealing, user-friendly websites for major clients. In my current role I manage multiple projects ensuring all are delivered to a high standard and on time. In the office I have earned a reputation for building connections and long-lasting relationships with both work colleagues and clients.

I have excellent working knowledge of creative suite including Photoshop, Illustrator and InDesign.

I have a background in web development and experience of successfully designing a websites layout, usability and appearance.

Over the last few years, I've had the opportunity of working for several web design companies, this has given me extensive web designing knowledge and technical skills.

I would love the opportunity to grow within your team and show my value.
